Exam Light III™

Flexible fiber optic lighting that lets you take brighter, whiter light anywhere without the heat.

- > Mounts easily on a wall, stand, or examination table
- > Durable fiber optic light pipe bends to almost any position and transmits cool illumination
- > Easily positioned small head leaves clear view of task areas
- > Sealed focusing sleeve keeps optics free of dust
- > Provides homogeneous spot and variable size
- > Ideal for gynecological examinations and minor procedures
- > Disposable sheaths minimize cross-contamination

LS-135™

A unique blend of intense light output, mechanical stability, and affordability.

- > Long-lasting, 35-watt halogen lamp produces significantly whiter, brighter light than ordinary goose neck units
- > Dual-intensity control switch allows instant adjustment of light output
- > Molded Lexan® head does not conduct heat, keeps luminaire cool to the touch
- > Encased, flexible 24" arm enables one-hand positioning—not possible with standard goose neck units
- > Multiple installation options to fit your needs

- 04430-U** 35 W Halogen Replacement Lamp for LS-135

LS-150™

Totally re-engineered for performance and accuracy, our premium-quality exam light delivers brilliant color and convenience.

- > Color-corrected 50-watt lamp delivers superior light quality for more accurate color rendition
- > Specially designed light head keeps luminaire cool to the touch, even during multiple exams
- > Small base profile frees up valuable exam room floor space
- > Encased, flexible 24" arm enables one-hand positioning—not possible with standard goose neck units
- > Multiple installation options to fit your needs

49520
MFI Solarc Headlight System
(Light Source, Fiber Bundle,
Headband/Luminaire)

49500TW
MFI Solarc Light Source
with Turret

Solarc® MFI Headlight

Our durable, comfortable, and lightweight surgical headlight delivers the bright, white light expected from a xenon system, but at a fraction of the cost.

- > Welch Allyn's patented Solarc lamp provides white, xenon-quality light (5,500 °K) for more accurate color and clear tissue identification than 3,200 °K halogen systems
- > The Solarc arc lamp has a median life of 550 hours
- > Unique optical design provides at least 30% greater light intensity than leading halogen systems for excellent visualization of the operative site
- > Soft, flexible headband with a ratchet on the top and back for superior comfort and customized fit
- > Fiber optic bundle is encased in three layers of protective materials to eliminate fiber breakage and reduce costs

49520 MFI Solarc® Headlight System (Light Source, Fiber Bundle, Headband/Luminaire)

49520TW MFI Solarc Headlight System with Turret (accepts Wolf, ACMI, Storz, Olympus)
